PROFESSIONAL PROFILE

Results-focused Web Developer with 5+ years of experience building fast, responsive and SEO-friendly websites for business, education and service brands. Skilled across Laravel, PHP, WordPress, React.js and modern frontend development, with a strong record of translating business requirements into reliable production websites that attract users and support growth.

PROFESSIONAL EXPERIENCE

Full-Time Web Developer · Adamis Tech

Permanent Full-Time Position

- Deliver responsive business websites and applications using clean, maintainable production code.
- Build with Laravel, PHP, WordPress, JavaScript and reusable frontend components.
- Apply technical SEO, mobile-first layouts, performance improvements and structured content.
- Own testing, debugging, production updates and dependable issue resolution.

Web Developer · Nestors Global (Pvt) Limited

Dec 2024 - Present · Lahore, Pakistan

- Develop dynamic React.js and jQuery interfaces integrated with Laravel Blade.
- Customize WordPress themes and deliver responsive, cross-browser experiences.
- Improve frontend performance, accessibility and production stability.

Frontend Engineer · Search O Pal

Mar 2024 - Dec 2024 · Lahore, Pakistan

- Built scalable React.js interfaces from UI/UX designs and reusable components.
- Integrated REST APIs, managed application state and improved cross-device performance.

Frontend Developer / Web Developer · QPro Pakistan

Apr 2023 - Mar 2024 · Lahore, Pakistan

- Developed SEO-ready interfaces with HTML, CSS and JavaScript.
- Collaborated on frontend-backend integration and optimized usability.

Frontend Developer / Web Developer · Deviate Agency

Mar 2021 - Apr 2023 · Lahore, Pakistan

- Delivered client-focused websites with JavaScript, jQuery, React.js and WordPress.
- Supported responsive layouts, UI improvements and feature enhancements.
